

## Connecting on Campus to Personal Drive (K:\) in MS Windows 10

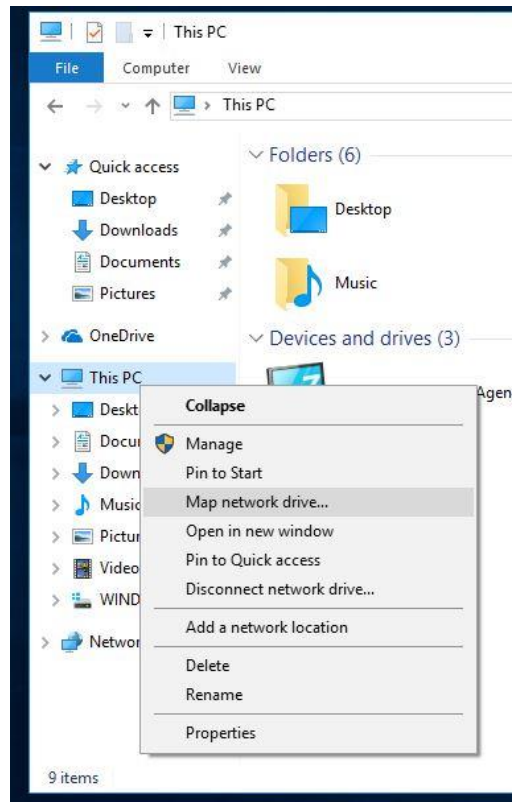

-In the lower left-hand corner, **right-click** on the Start Button and click on “File Explorer”

-In the File Explorer window, **right-click** on “This PC”

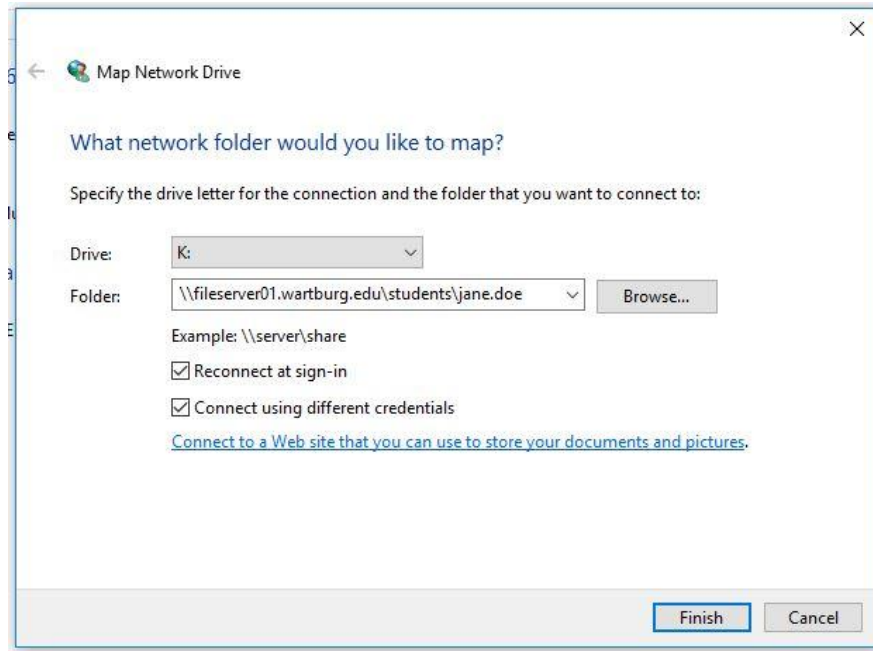

-Click on “Map network drive...”

-In the next window that appears, select K: in the “Drive” window. In the “Folder” window, enter:

[\\fileserv01.wartburg.edu\students\firstname.lastname](#)

-Check the “Reconnect at sign-in” and “Connect using different credentials”

-Enter your network credentials. Your username must be in the following format:

**wartburg\firstname.lastname**

Click “OK” and your personal Wartburg will be mapped.
