

Registering Your Phone on the Wartburg Network

-Registering your cell phone on the Wartburg network is recommended, so you are not using your cell data when on campus.

-The first thing you need to do is connect to WC_Wireless.

-Once you are connected to WC_Wireless, open the browser on your phone.

-The browser will be redirected to our registration page. Click on “Students”

-On this page, enter your *firstname.lastname* in the “Username” field. The “Password” will be your Wartburg email password. For “Location”, enter the name of your Dorm Building. Click “Register” After a minute or two, you will have full access to the Wartburg network.

Wartburg Network Registration

You are seeing this page because your computer isn't recognized by the network. Once you register your computer you will no longer see this page.

Register this Mac OS X based system:
