

Registration Process for Laptops

First, connect your laptop to our wireless network, **WC_Wireless**.

In **Windows 10**, connect to WC_Wireless by clicking on the wireless icon in the lower right-hand corner of your system tray.

Check the box "Connect automatically" and click "Connect."

To connect to WC_Wireless with **MAC OS 10.x**, click on the Airport Icon on the title bar at the top of the screen.

Select WC_Wireless from the list of available networks:

****IMPORTANT FOR PC USERS****

Wartburg requires all PC users to install our antivirus, Trend Micro. (Mac users are not required to install antivirus, but it is available for free. Stop by the ITS Help Desk in CTC 100.)

The registration process will go much smoother if you **uninstall any antivirus programs you have on your PC.**

If you do not know how to uninstall programs on your PC, stop by the ITS Help Desk.

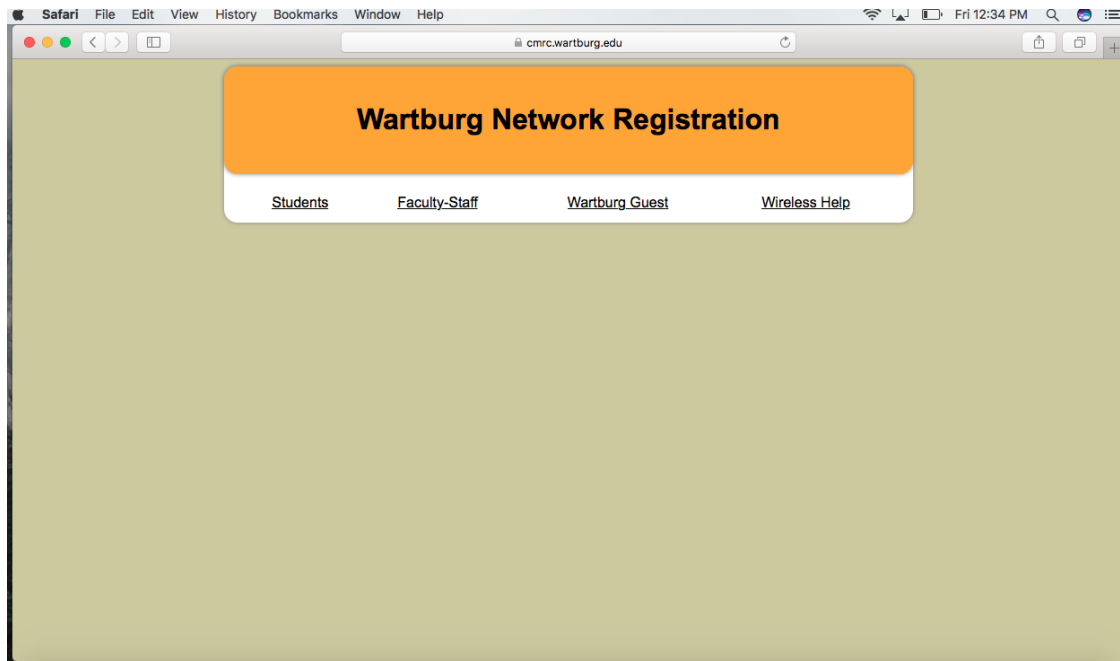

After you are connected to WC_Wireless, open your preferred browser (IE, Chrome, Firefox, Safari, or Edge).

Your browser will redirect to our registration page. (If you don't see our registration page, then you can force it by searching for something in Google that you have not searched for before.)

If you are a MAC user, [click here](#).

If you are a PC user, [click here](#).

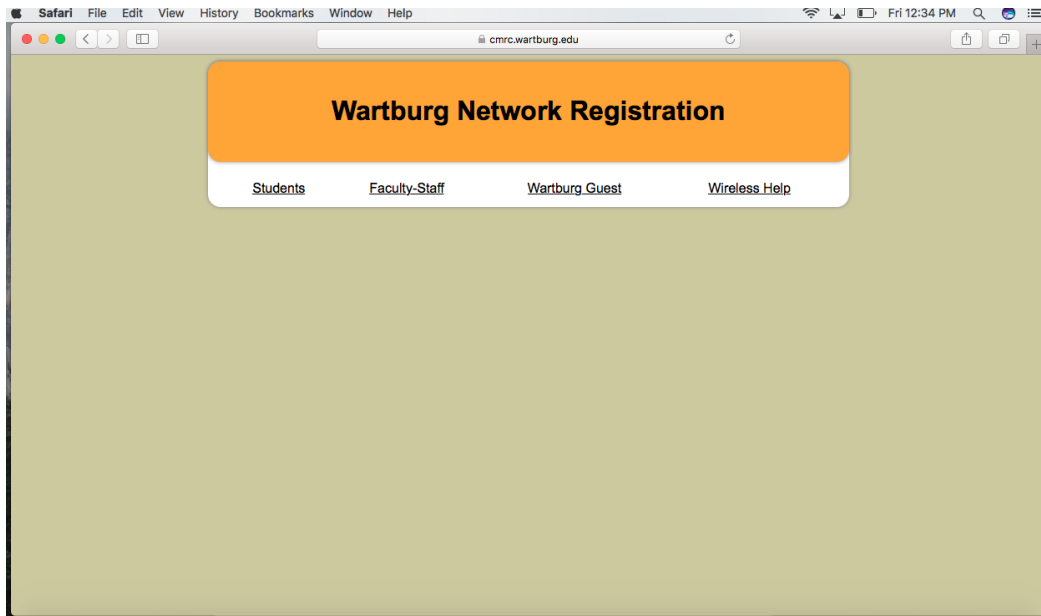

Mac users will see the following registration page. Click on “Students.”

On this page, enter your *firstname.lastname* in the “Username” field. The “Password” will be your Wartburg email password. For “Location,” enter the name of your residence hall. Click “Register.” After a minute or two, you will have full access to the Wartburg network. If you don’t seem to be connecting after a couple of minutes, please restart your MAC.

A screenshot of the same Safari browser window, but now showing the registration form. The orange header box and navigation bar are still present. Below the navigation bar, there is a paragraph of text: "You are seeing this page because your computer isn't recognized by the network. Once you register your computer you will no longer see this page." Below this text is a section titled "Register this Mac OS X based system:". Under this title is a "Log In:" section with three input fields: "Username:" (with a placeholder "Username"), "Password:" (with a placeholder "Password"), and "Location:" (with a placeholder "Location"). Below these fields is a "Register" button. At the bottom of the page, there is another section titled "Register your game console, printers, Kindle, or other devices:". Below this title is a paragraph: "If it connects to the Internet, it has to be registered. Browse to this page on your device if possible. Instead you will see a login form above."

As a PC user, you will see the following registration page. Click on “Students.”

Click on the “registration pack” link.

Wartburg Network Registration

You are seeing this page because your computer isn't recognized by the network. Once you register your computer you will no longer see this page.

Register this Windows based system:

On student computers and staff and faculty personally owned computers uninstall the anti-virus that came with your computer and then download and run the [registration pack](#). When prompted for a User Name and Password enter your Wartburg network login credentials (Wartburg email username and password). On Wartburg owned computers download and install the Staff/Faculty [registration pack](#).

Register your game console, printers, Kindle, or other devices:

If it connects to the Internet, it has to be registered.

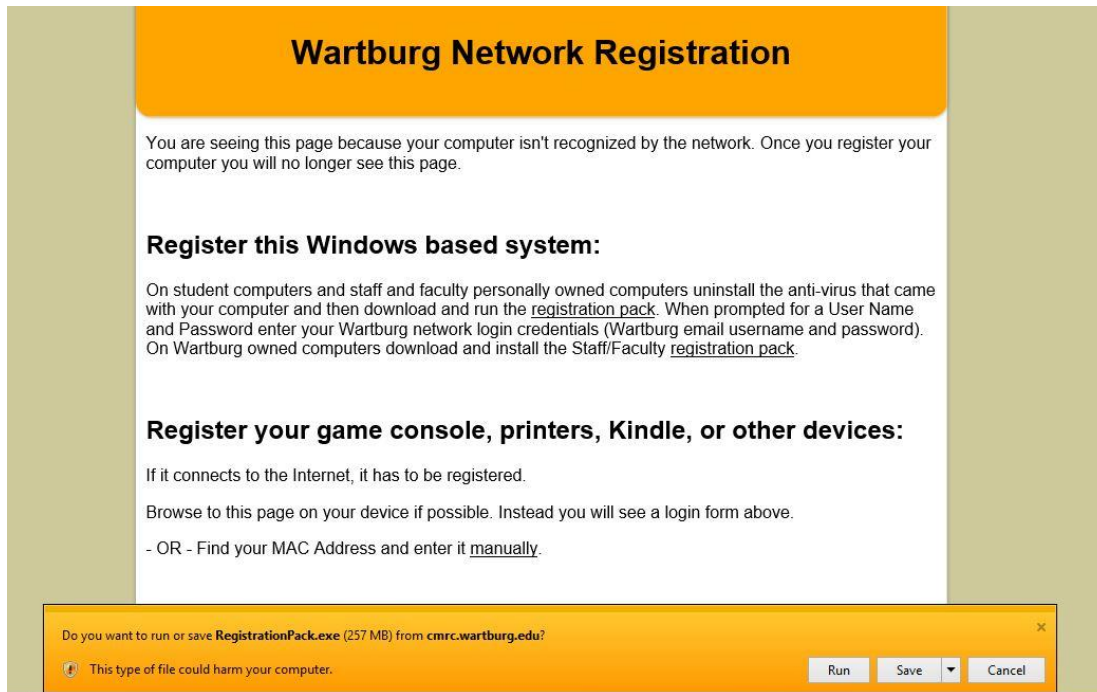

Browse to this page on your device if possible. Instead you will see a login form above.

- OR - Find your MAC Address and enter it [manually](#).

I've registered everything, why am I still seeing this??

Don't worry, we're here to help. Visit CTC 100 or call 319.352.8767 or mail techline@wartburg.edu.

You will be prompted to “Run” or “Save” RegistrationPack.exe. Save the registration pack. Once it has downloaded, then “Run” it.

A Wartburg Registration Software License Agreement window will pop up. Click “I Agree.”

On the screen to “Select components to install,” uncheck the “Remove Old Anti-Virus” box. [Please read above about uninstalling current anti-virus programs.](#)

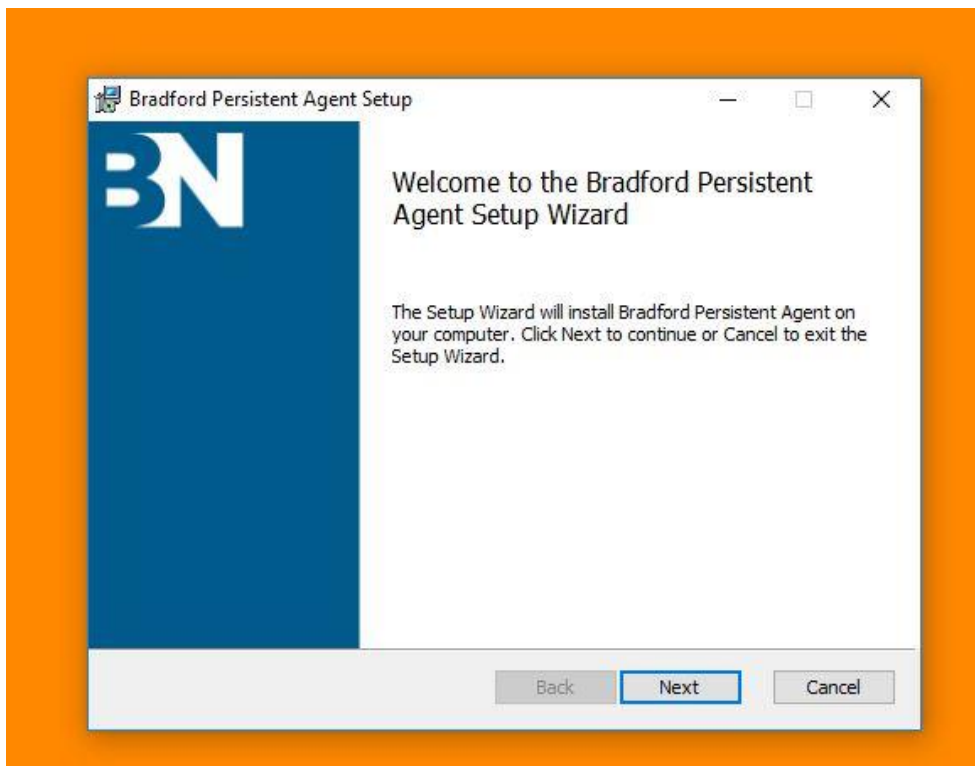

Click “Install.”

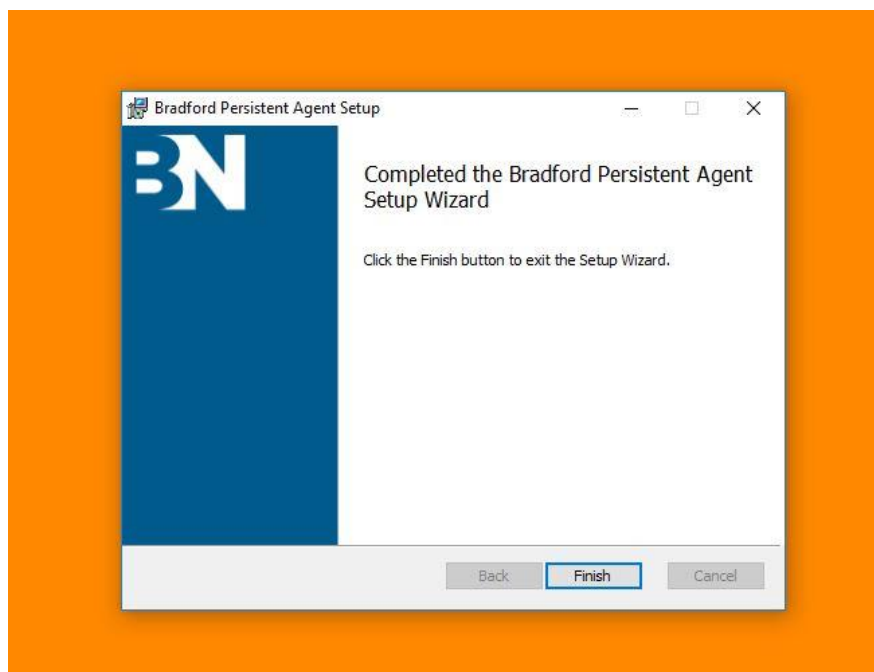

The Trend Micros OfficeScan Agent will then begin to install.

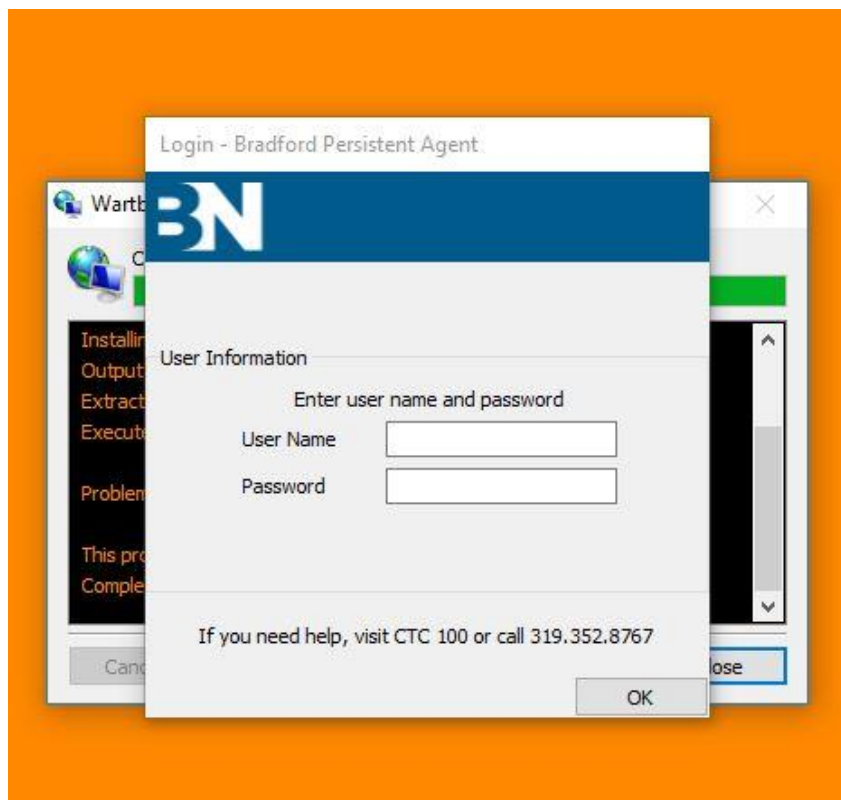

After Trend is done installing, Bradford Persistent Agent Setup will begin installing.
Click “Next.”

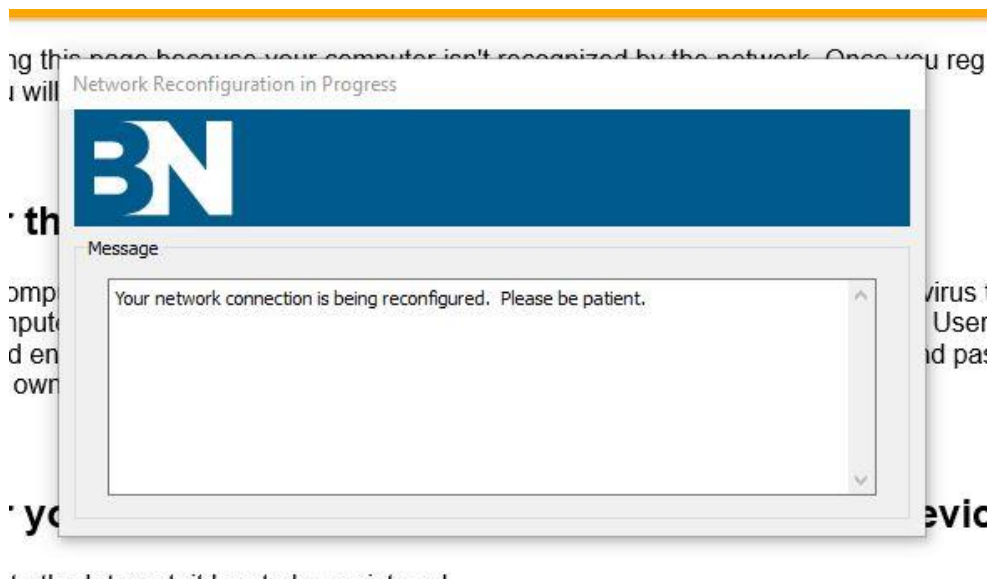

Once Bradford is done installing, click “Finish.”

A login window for Bradford will pop up. Your User Name will be your *firstname.lastname*. The Password will be your Wartburg email password. (You can also close the orange background screen.)

Bradford will then bring up a window letting you know that it is in the registration process.

Once the above window disappears, your computer will have a network connection.

If you experience any trouble or would like help registering your laptop (or desktop), please contact ITS. We will be glad to assist you. The Help Desk is located in CTC (Classroom Technology Center) 100. You also can contact our techline at 319-352-8787 or email techline@wartburg.edu.

Our office hours are:

- Monday thru Thursday, 7:30 a.m. to 9 p.m.
- Friday, 7:30 a.m. to 4:30 p.m.
- Sunday, 4 to 9 p.m.
