

## Frequently Asked Questions about the Wartburg Math Lab

1.) What should I bring?

- Textbook, calculator, paper/pen/pencil, syllabus, class notes

2.) Does it cost anything to use the Math Lab?

- Nope! Cost is free.

3.) Why do I have to sign in?

- We take attendance at the Math Lab for assessment purposes. The information is confidential and only accessible by the Pathways Center staff.

4.) Where can I use the software required for my courses other than the Science Center?

- Vensimple, Hawkes Learning Software, and Minitab are installed on the Vogel Library laptops that are available for check-out. The laptops are free to use and can be brought directly into the Math Lab for further assistance with the software.

5.) Do I have to make an appointment?

- No, anyone can stop in to the Math Lab for any amount of time. You could get there when it opens at 7:00 pm and work on homework until you have questions or you could stop in for 5 minutes.

6.) Who are the Math Lab Consultants?

- They are Wartburg students who specialize in mathematics either as their major, their minor or as their teaching emphasis. They are also familiar with the teaching style of the faculty in the Wartburg College Math, Computer Science and Physics Department.
