

## What are the benefits the Wartburg Math Lab?

Attending the Wartburg Math Lab provides the opportunity to:

- Review course material along with peers
- Participate in active learning with classmates as the group processes the text, supplementary readings, and lecture notes
- Receive assistance from student Math Consultants with a specialization in mathematics
- Utilize the necessary software for your Wartburg mat courses by checking out a personal laptop in the library and bringing it with you to the Math Lab. Software includes:
  - VenSimPLE
  - Hawkes Learning Software
  - Minitab
- A space to come and work on homework and ask questions if/when they arise
