

Are You In EARTH?

Environmental Activists Reaching Toward Humanity (EARTH) is a student-run organization dedicated to creating a green and sustainable campus. Throughout the year, they sponsor several activities and events to raise environmental awareness in the Wartburg and Waverly communities.

Currently the club is working with environmental awareness projects and Iowa fraking.

For details, contact the President at Mauricio.Leon@wartburg.edu.

Graduation Pledge

Attention Seniors: If you have not yet, we hope you will take a minute to sign the Wartburg Senior Pledge of Sustainability. Those who take the pledge will receive a pin to wear underneath their gown during graduation. These students will be recognized during the ceremony by President Colson. Details and registration can be found at <http://www.wartburg.edu/sustainability/gradpledge.aspx>.

Coordinator's Update

Here we are, two years into the development of this wonderful program. So much has been done, but yet there is so much to do. One thing we have done is to learn more efficient ways to function.

We hope you will enjoy this "express" version of SEEDS. Instead of repeating all the info you can find online, we have linked to these pages.

Remember, the best way to keep up-to-date with all that is happening in sustainability at Wartburg, "like" our facebook page at <http://www.facebook.com/wartburgsustainability>.

Until next time, Live Green!

UNI Sustainability Dialogue and Action Event

On April 12 and 13, join community members for dialogue and action as we envision a sustainable world and the transformation needed to create it. Students, community, faculty, and staff are invited to attend and contribute your voice to a shared vision of a sustainable future. Events include breakout sessions Friday and Saturday morning plus keynote speaker, Majora Carter, Friday evening. Pre-registration is required, but the event is free. Details and registration can be found at <http://www.vpaf.uni.edu/energy/>.

The Wartburg Sustainability department will provide a shuttle to the speaker Friday evening and the conference Saturday morning. Please email sustainability@wartburg.edu to sign up for the shuttle.

Would you be interested in working for the Sustainability Department?

We are hiring now to fill student positions for May term, summer, and next year.

If you are interested, please send your class and activity schedule, resume, and a paragraph about why you would be a good person to work in sustainability to sustainability@wartburg.edu.

Need a Shirt?

We would like to get some promotional shirts for sustainability events, but we need a design.

If you are interested in designing a shirt, please email sustainability@wartburg.edu. The winning idea will receive a free shirt! Ideas are April 29.

The design must be vector compatible, should be able to be one and two color, include our logo, and be one-sided. If you are not a graphic design person, but would like to hand-draw ideas, contact us. The image will be printed on 100% recycled shirts made in the USA.

Like Sustainability at Wartburg College on Facebook

Don't forget about the REUSE(D) store as you finish up your projects for this semester and prepare for next semester. REUSE(D) has a variety of gently-used office supplies free to the Wartburg community. There are currently a plethora of binders, manila folders, and CD/DVD cases as well as a variety of other items. You can't beat FREE!

Garden Nights Starting

Garden Volunteer nights will be starting next week, April 10. For details, please "like" the Wartburg Garden Facebook page at <http://www.facebook.com/wartburggarden>.

Orange Move

To reduce waste going into break, Donation Stations will be placed in the residence hall lounges during move out. If you are moving out or scaling down before break, please place any reusable goods such as clothing, books, kitchen items, unopened non-perishable food, etc. in the boxes. **THINK BEFORE YOU TOSS!** We will collect all items on Friday (4/19) morning. We will repeat this during move out May 22-24.

We can not accept the following items: Large Appliances • Carpet or Carpet Pads • Damaged Furniture • Magazines (can be recycled) • Exercise Equipment/Weight Sets • Bed Pillows • Opened personal hygiene items.

Go Green Fair - Now Part of Wellness Fair

To better serve our community, we have combined the Go Green Fair with the Community Wellness Fair. Sustainable living is certainly connected to your health, so it should be a great partnership. We hope you will attend April 27 8:30 am to 11:30 am. If you are interested in hosting a booth, please visit <http://www.the-w.org/fair.aspx> to register.
