<u>Faculty Position Vacancy</u>

Founded in 1852, Wartburg College is a selective four-year liberal arts college of the Lutheran Church (ELCA), nationally recognized for community engagement. The college offers more than 50 academic majors and pre-professional and certificate programs leading to the bachelor's degree. The Wartburg Community is committed to creating and maintaining a mutually respectful environment that recognizes and celebrates diversity among all students, faculty, and staff. As an affirmative action, equal opportunity institution, Wartburg College actively seeks applications from members of underrepresented groups.

DATE ANNOUNCED: February 15, 2019

POSITION: Assistant Professor of Business Administration – Supply Chain Management Emphasis
                            OR*
                            Professional in Residence, Supply Chain Management

DEPARTMENT: Business Administration, Accounting & Economics

STARTING DATE: Fall Term 2019

TIMELINE: Screening of applications begins immediately and continues until position is filled

QUALIFICATIONS:
- **Required:** MBA or Master's or related degree in closely aligned field, specializing in areas related to supply chain management
  - Evidence of successful college-level teaching in supply chain, logistics, operations management, engineering management, etc., and/or related professional experience
  - Broad-based ability to teach multiple courses across a supply chain curriculum, specifically including, but not limited to, courses related to operations management, supply chain management, facilities and logistics, project management, business data analytics, and engineering management
    - exact course load will be negotiated and may include some teaching in the engineering management minor program
- **Preferred:** Doctorate or ABD in closely-related field, specializing in areas related to supply chain management and engineering management; related certifications and/or licenses considered
  - Desire to build new program in supply chain management (Business Administration, Accounting, & Economics department), with possible overlap in engineering management
  - Willingness to work across traditional boundaries to effectively meet student and program needs
  - Desire to teach courses within both business and engineering curriculums, including, but not limited to supply chain management, project management, facilities and logistics, and operations management
- Commitment to student-centered learning and working with a diverse student population
- Promise of potential for continued scholarly activity
- Willingness to support the mission of the College and its liberal arts traditions

RESPONSIBILITIES:
- Teach seven undergraduate courses across the fall, winter, and four-week May term across two department curriculums in order to build new programs in industrial engineering and supply chain management
- Advise program majors
- Engage in scholarship and service appropriate to the liberal arts setting

SALARY: Competitive for entry-level appointment at similar institutions

CONTRACT: Tenure-track appointment, with nine-month teaching obligation
              OR*
                            Professional in Residence appointment, with nine-month teaching obligation, renewable based on annual performance review and continuing institutional need, including showing ongoing ability to develop and grow the programs

                            Position and contract type determined based on qualifications of applicant

APPLICATION: Curriculum vita, unofficial graduate transcripts, statement of teaching philosophy, contact information for three current references, and a letter of application describing your teaching, scholarship, and service experience/interests and how these will support the mission of Wartburg College, should be sent electronically to: HR@wartburg.edu.
